Step 1. If this is your first time accessing **WealthCare Portal**, simply click the register button atop the right corner of the home screen.

Step 2. After clicking the *register* button, complete the registration form (as shown in the lower right below). Choose a username and password. Enter the required demographic information. You can obtain your *employee ID* and *employer ID* from **Medcom's Customer Service at (800) 523-7542 Option 1 Monday-Friday 8:30am-5pm ET.**

If you already have a benefit debit card, the card number can be used in place of the *employer ID* in the *registration ID* field.

Before clicking *register*, be sure to view and accept the terms of use.

Step 3. After successfully completing the registration form, click *register*. The process may take several seconds. Do not click your browser's back button or refresh the page.

Secure authentication

The next part of the registration process involves setting up your secure authentication. This important step helps ensure your account is secure and private.

After the registration form is successfully completed, you're prompted to complete the secure authentication setup process.

Step 1. Select security questions.

You must select four security questions and provide your secret answers. These questions are asked at random while attempt to login to the WealthCare Portal. The questions help provide an additional layer of security and help ensure only you are able access your account.

Once complete, click *next*.

Step 2. Verify your email address.

On the next page, you're prompted to verify your email address. Once complete, click *next*.

➤ Your first login

After registering, for all subsequent logins you can enter your username and click the *sign in* button on the home page. You are prompted to answer two of your four security questions, and then enter your password.

➤ Checking your account balances

To access a quick view of your account balances, navigate to the *benefit account summary* page. Each account displays in a separate tile, and provides at-a-glance details such as balance, amount spent, and important dates surrounding your account's plan year.

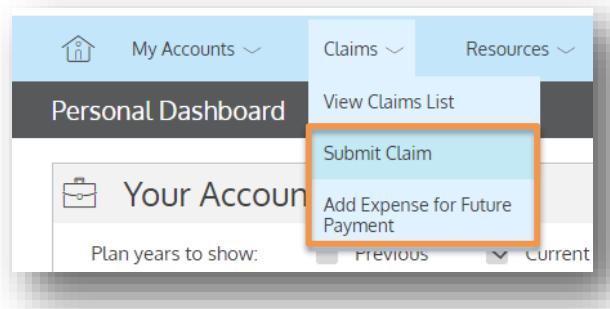

► Submitting an expense or a claim

WealthCare Portal allows you to enter new claims and expenses, as well as view and edit pending ones. If you have a receipt to substantiate your claim, you can easily attach it to a claim or expense to expedite the reimbursement process.

To clarify for the purposes of this guide:

- **Claims** are simply reimbursement requests submitted for costs incurred when receiving eligible services.
- **Expenses** are used to track and manage your medical, dental, vision, prescription, and other potentially eligible expenses. Depending on your administrator's configuration, these expense items can be entered by you, or automatically populated and matched to your profile via an electronic feed from your carrier. Once entered, eligible expenses can be submitted for reimbursement, similar to claims. They can be submitted now, or at a later date of your choosing.

► Submitting a claim

To enter a claim and request reimbursement, open the *submit claim* page and complete the form. Be sure to upload a receipt if you have one. You can click browse to navigate to the receipt file, or drag & drop. Click 'submit' to send the request to your administrator for processing.
