Understanding Retirement and Social Security Benefits

As a school system employee, it's important to know whether you're contributing to Social Security. For Whitfield County Schools, Social Security taxes are being withheld from your paycheck, and you are earning credits toward federal retirement, disability, or survivor benefits under Title II of the Social Security Act. To qualify for these benefits, most people need 40 credits (roughly 10 years of work).

You are also enrolled in a pension/retirement plan: either TRS, PSERS, or ERS. If you're unsure of your status, review your paycheck or reach out to your Payroll Department for more information. You can find more information about the retirement plans here:

- **TRS:** <https://www.trsga.com/>
- **PSERS:** <https://www.ers.ga.gov/public-school-employeesretirement-system>

Medical Plan Overview

Anthem	
HRA Gold HRA Silver HRA Bronze	The Gold, Silver, and Bronze HRA plans have different HRA credits, deductibles, coinsurance levels, and out-of-pocket limits. Most services are subject to a deductible. Then you pay coinsurance up to the out-of-pocket maximum. For prescription drugs, you pay a percentage of the retail cost. The HRA plans include a SHBP-funded Health Reimbursement Account (HRA) to provide first-dollar medical and pharmacy expenses. Unused HRA credits roll over to future years.
HMO	This plan has the lowest deductible and provides in-network coverage only. Some services, such as office visits, ER and prescription drugs, are covered at 100% after a copay. For most other services, you are responsible for a deductible and coinsurance until you meet your out-of-pocket maximum.
UnitedHealthcare	
HMO	Same benefits as the Anthem HMO, but utilizes the UnitedHealthcare provider network.
High Deductible Health Plan (HDHP)	Lowest premiums, highest deductible and out-of-pocket maximum. All services including pharmacy are subject to deductible and coinsurance. A Health Savings Account (HSA) is available with this plan.

Pharmacy Information

- CVS Caremark administers the pharmacy benefits for HRA, HMO, and HDHP members.
- You are not limited to CVS pharmacies for your retail prescription needs. The CVS Caremark pharmacy network is extensive, and participating pharmacy information is available (<https://info.caremark.com/oe/shbp>).
- For your convenience, you may purchase a 90-day supply via retail at participating in-network pharmacies.
- Certain drug costs are waived if SHBP is primary and you actively participate in the Coronary Artery Disease (CAD), Diabetes, Asthma Disease Management Programs and/or Medication for Addiction Treatment Programs.

Dental Coverage

There are three MetLife dental PPO plan options: Base, Standard, and Premium. All options include preventive care at 100% (no deductible) and two cleanings per calendar year. The Base Plan has the lowest premiums and lowest annual maximum benefit but only includes coverage for preventive and basic services. The Standard Plan has higher premiums and a higher annual maximum but does not include orthodontia coverage. The Premium Plan is the richest plan option with the highest annual maximum and orthodontia coverage.

Going In-Network Saves You and the Plan Money

To locate in-network MetLife dental providers, please follow the below instructions:

- Access www.metlife.com/dental and click “Find a Participating Dentist”
- Select “PDP Plus” in the search instructions.

What Is Balance Billing?

Balance billing happens when a dentist who isn’t in your plan’s network charges more than your plan pays. This is a risk when you receive services from an out-of-network dentist.

The MetLife Dental Member Portal

The MetLife member portal and mobile app help you stay informed, manage your dental plan account, and take advantage of plan features and benefits. Below are some features of the MetLife member portal:

- Provider locator search tool
- Review of your plan and coverage information
- Review of claims and access to your Explanation of Benefits (EOBs)
- Obtain your dental plan ID card

Vision Coverage

Whitfield County Schools offers two vision plan options through MetLife. With the MetLife vision plans, you may visit any vision provider. However in order to maximize your vision benefit, it is recommended you access participating providers by visiting www.metlife.com. Click “Find a Vision Provider” under “Support”, and follow the search instructions. Be sure to select the **VSP Choice Network**. If you go out-of-network, you pay at the time of service and file a claim for reimbursement, and the benefit is reduced.

The vision plans include a benefit for an eye exam, lenses, and frames (either contacts or eyeglasses). You may select either a \$130 or a \$200 allowance for frames and lenses. The vision plan includes frequency limitations. For both plans, the exam and lens benefit is available once every 12 months. The frame benefit is once every 24 months for the Standard Plan and once every 12 months for the Premium Plan.

Benefit Summary	Standard Plan	Premium Plan
Frames and Lens Allowance	\$130	\$200
Exam and Lens Frequency	Every 12 months	Every 12 months

Flexible Spending Accounts (FSA)

Two types of Flexible Spending Accounts (FSA's) are available: **1) Healthcare FSA** for medical, dental, vision, pharmacy, and other related expenses and **2) Dependent Care** primarily for dependent day care expenses. Both accounts allow you to pay for out-of-pocket costs with pre-tax dollars, saving you money. Your taxable income is reduced by your annual FSA contributions. Plus, the reimbursements are tax-free.

Healthcare Flexible Spending Account

You can contribute **up to \$3,400** during 2026 into a Healthcare FSA. Married employees can each contribute up to the maximum. Eligible Healthcare FSA expenses include deductibles, copays, coinsurance, prescription drugs, over-the-counter drugs (no prescription required), dental, and vision expenses.

Use It or Lose It

Remember to carefully estimate your 2026 expenses when making an election. You must use all the funds in your account by the end of the plan year and claims must be incurred within 2½ months following the last day of the plan year (by March 15, 2027) to be eligible for reimbursement. The IRS requires that any unused money in your account at the end of the plan year is retained by your employer and forfeited by the employee.

Dependent Care Flexible Spending Account

The Dependent Care FSA enables you to pay for certain dependent care expenses using before-tax dollars. Single individuals and married couples filing jointly may contribute **up to \$7,500** in a Dependent Care FSA for 2026. For married individuals filing separate returns, the **limit is \$3,750**. Eligible dependent care expenses include but are not limited to day care and before and after-school care for children up to age 13 and certain adult day care expenses for incapacitated adult dependents.

FSA Debit Card

FSA plan members receive a debit card that may be used at the time of service, eliminating the reimbursement process. The IRS requires documentation as appropriate, so retain all receipts for FSA transactions.

Monthly FSA Administrative Fee

FSA participants pay a **\$3.45** monthly post-tax administrative fee via payroll deduction. Only one fee applies if you are enrolled in both the Dependent Care and the Healthcare FSA.

Life Insurance

Employer-Paid Basic Life Insurance

We are pleased to provide an employer-paid basic life insurance benefit in the amount of \$15,000 to all benefits-eligible employees. This benefit does not reduce due to age.

Voluntary Life & AD&D Insurance

You may also elect voluntary life insurance for yourself and your dependents through convenient payroll deduction to supplement the basic life benefit. The voluntary life insurance plan is insured by The Hartford, and does not reduce due to age.

The voluntary life plan includes Accidental Death and Dismemberment (AD&D). The AD&D benefit pays in the event of death or loss of limbs, speech, hearing and more caused by a covered accident. (Refer to the Certificate of Coverage for details)

Disability Insurance

As a district employee, you accumulate “sick leave” days for which you will receive full pay if you become injured or ill and cannot work. Disability coverage provides an income replacement benefit once your sick days are exhausted.

You select the monthly disability amount of coverage in increments of \$100, from \$400 up to \$7,000, not to exceed 60% of your earnings. You also select when you would like your benefit to start, from 7 different waiting period options. The shortest waiting period is 7 days, and the longest waiting period is 180 days. The plan includes long term disability coverage, and the benefit continues until age 65 or normal retirement age if you remain disabled.

Pre-Existing Condition Limitation

The plan pays no benefit or a limited benefit for disabilities caused by pre-existing conditions during the first 12 months of your disability coverage. A pre-existing condition is a sickness or injury for which you have been diagnosed or treated during the immediate 6 months prior to your coverage effective date.

Sick Leave and Disability

How it Works

You're able to accumulate up to 90 days of sick leave for which you will receive full pay if you're injured or ill and unable to work. You may enroll in the disability plan which provides an income replacement benefit once your sick leave days are exhausted. You may choose your monthly benefit amount and when you would like your benefit to start. Below are some key things to remember when evaluating your disability options:

- Consider your sick leave balance when making your disability plan election.
- To avoid overpaying for your disability plan benefit, be sure to choose a waiting period option that exceeds your sick leave balance.
- Depending on the dates and duration of your leave, and your accrued sick leave days, you may have a gap between your sick pay and when the disability benefit begins. Work days are used for your sick leave exhaustion, and calendar days are used for the disability plan waiting period.

Your ultimate benefit is based on a formula that includes years of service, age at retirement, and monthly pay during your two highest paid, consecutive years.

A 30-year employee could retire with a benefit of 60% of his or her highest pay depending upon the payout option chosen.

Public School Employees Retirement System (PSERS)

The following personnel are required to participate in PSERS, a state retirement plan, as a condition of employment: transportation, school nutrition, maintenance, and custodial staff. In-Network – Providers that have contracted with your carrier. Going in-network will save you money.
