Benefit payments go directly to
you. Use them how you'd like!

Accident Insurance doesn't replace your medical coverage; instead, it complements it. **The benefit payments don't go out to pay for medical bills or treatments you may need, instead they come in—directly to you—to be used however you'd like.** Choose this supplemental health insurance product to lessen the financial impact of a covered accident.

Accident Insurance is a limited benefit policy. It is not health insurance, and does not satisfy the requirement of minimum essential coverage under the Affordable Care Act.

¹Laceration benefits are a total of all lacerations per accident. Payable once per covered accident. If your injury qualifies as both a laceration and puncture wound, only one benefit in the higher amount will be payable.

²Complete separated joint that does not require a surgical repair. If you receive more than one dislocation in the same covered accident, a benefit is payable for all dislocations. However, the benefit amount will be no more than two times the benefit amount for the joint involved which pays the highest benefit amount. Other limitations and maximums may apply.

³Completely separated joint that requires surgical repair. If you receive more than one dislocation in the same covered accident, a benefit is payable for all dislocations. However, the benefit amount will be no more than two times the benefit amount for the joint involved which pays the highest benefit amount. Other limitations and maximums may apply.

⁴Fracture that does not require a surgical repair. If you receive more than one fracture in a covered accident, a benefit is payable for all fractures. However, the benefit will be no more than two times the benefit amount listed for the bone which pays the highest benefit amount.

⁵Fracture that does require surgical repair. If the doctor diagnoses the fracture as a chip fracture, the benefit will be reduced to a percentage of what would have been paid for a Non-Surgical Repair Fracture of the same bone. If you receive more than one fracture in a covered accident, a benefit is payable for all fractures. However, the benefit will be no more than two times the benefit amount listed for the bone which pays the highest benefit amount.

Accidental Death & Dismemberment (AD&D)

If there is no beneficiary named, benefits will be paid according to the Benefit Payments provision in the Certificate. Note: No Accidental death benefit is payable if the Covered Person is eligible for the common carrier benefit. See the chart below for more details.
